### Food Information.

All our delicious food is prepared in kitchens where nuts, gluten and other allergens could be present, and unfortunately our menu descriptions cannot include all ingredients. If you do have a food allergy please let a team member know before you place your order. Full allergen information is available from our team.

If you'd like to find out more about our menu and allergy information, we've popped it all down for you over at [www.marstons.co.uk/food](http://www.marstons.co.uk/food).

Be careful with our fish dishes too as they might contain bones.

Our wholetails of breaded scampi are made from more than one scampi.

\* The fish in our Beer-Battered Fish and Chips and Dunkin' Fish Goujons is cod or haddock, depending on availability because we only select fish from sustainable sources. 102 = 28.3g. All weights are approximate prior to cooking. All the photography you see is for illustrative purposes only (we think the real thing's much tastier).
